Like last year, **THE BLACK LIST** was compiled from the suggestions of over 90 film executives and high-level assistants, each of whom contributed the names of up to ten of their favorite scripts that were written in or are somehow uniquely associated with 2006 and will not be released in theaters during this calendar year.

Unlike last year, scripts had to receive at least two mentions to be included on **THE BLACK LIST**.

All reasonable effort has been made to confirm the information contained herein. **THE BLACK LIST** apologizes for all misspellings, misattributions, incorrect representation identification, and questionable "2006" affiliations.

It has been said, but it bears repeating: **THE BLACK LIST** is *not* a "best of" list. It is, **at best**, a "most liked" list.

Enjoy.

All irony aside, **BLACK** is the new white.
